

FEATURES:

- Gauge will continue to register tank pressure with valve in both the open or closed position.
- Machined to accept a Gauge Guard to protect the gauge from damage. Gauge Guard is available upon request.
- Fitted with a 200 micron stainless steel mesh Gauze that helps protect the tank from possible contamination. The gauze filter may be changed in-situ.
- A Flange-Style valve is available with slotted connection flange allowing 1 1/2" ASA, 1 1/2" BST D and DIN 50 fitting.
- Can be equipped with a dual connection pipe "T" with a 1 1/2" BSP and 1 1/2" NPT thread.
- Can be equipped with Pneumatic or hydraulic remote control operator to avoid the operator having to climb on top of the tank.
- Produced with heavy duty investment castings and electro-polished to a bright finish.
