

We are Driven to Deliver the Best in Intermodal Tank Container Equipment Worldwide

For over half a century, Girard Equipment, USA has been driven to deliver the best products and services worldwide. Our newest generation of Tank Container Equipment was designed by the best experts in the industry, you.

Whether your specific needs are as simple as an Outlet Cap, or as complex as a Teflon®-Lined Pressure Relief Vent, Girard Equipment can handle your requirements with accuracy and ease.

We are now stocking hundreds of pertinent items that can be shipped within 24 hours of your

request, anywhere in the world. A growing list of stocking distributors stand ready and able to assist in any way they can.

Our first hand involvement in the industry shows in our many products. Gaining your confidence has always been our primary business. Hearing again from another satisfied customer has always been our greatest reward.

Please call or email us to obtain our latest catalog and pricing for Intermodal Tank Container Equipment and join a "World Class" group of satisfied customers.
